ANNOTATIONS

GENERAL INFORMATION

Standard types

All herein listed types are available in small quantities. However, longer delivery times may sometimes occur, as not every article is permanently on stock. When ordering, please consider the minimum order quantity for the requested converting form (for example 3,000 meters for printed casings).

General Note

This general information is based on our current state of knowledge and is intended to inform about our products and their applications. Recommendations are not legally binding.
